

OUR SOLUTIONS FOR

# CAR PARKS

WATERPROOFING | TRAFFIC DECK SYSTEMS |  
FIRE PROTECTION | SEALANTS |  
STRUCTURAL & SURFACE REPAIR

 **TREMCO**  
Construction Products Group

## A world leading supplier of building envelope solutions

We know that the success of a construction project relies on more than the products that are used, as it takes a lot of skill, knowledge, understanding, and expertise to ensure that those products are applied in the best way possible.

At Tremco Construction Products Group (CPG), we're committed to shaping the future through innovative approaches and sustainable solutions.

This commitment is backed up by the fact that we bring together first-class technology with a customer-focused approach, along with skills that have been built up over multiple decades within very specialised fields across the Pacific, to provide a truly unique service.

From joint sealing, façade bonding and insulation through to passive fire protection, performance resin flooring, waterproofing, and roofing solutions — our broad range makes us the ideal partner to solve the complex challenges faced by today's architects, contractors, developers, and trades.

With expertise in a range of product technologies, Tremco CPG Australia provides solutions to help you engineer structures that are more efficient to build and maintain, are virtually impervious to the elements, and can provide a multitude of finishes.

Our brands include Tremco, Nudura, Willseal, Flowcrete, illbruck, Nullifire, and Euclid Chemical.

### Why Tremco CPG?

#### Faster Construction Time

Lightweight, fast-curing and prefabricated products mean less occupant disruption, faster return to service, less revenue lost, and no call-backs.

#### Stronger and More Resilient

Our systems are designed for maximum durability, many with service lives far surpassing that of competing systems.

#### Cost Effective

A broad range of options that fit any budget — but also help you keep an eye on the future to ensure cost-effective ownership, operation and maintenance.

#### One Point of Contact

Products are tested for compatibility and backed by system warranties — all through a single point of contact, with a single point of responsibility.

#### Any Look You Want

A wide range of colours and finishes for floors, walls, façades and roofs to provide almost unlimited design potential for your building project.

#### Impervious to Weather

Products designed for maximum protection from the elements, including above and below ground-level solutions to prevent the ingress of water.

#### Leading Edge Sustainability

Construction solutions that meet green building standards, enhancing building efficiency and conscious of the environment that surrounds us.

## A FULL RANGE OF SOLUTIONS

We are uniquely positioned to provide single-source products, services and solutions.

### SEALANTS, GLAZING & FAÇADES

No single glazing system can solve every application. For this reason, Tremco is the only single source supplier offering a comprehensive line of glazing sealants, tapes, spacers and more.

### WATERPROOFING

A comprehensive range of waterproofing solutions designed to protect the building structure and internal assets from the damaging effects of water ingress.

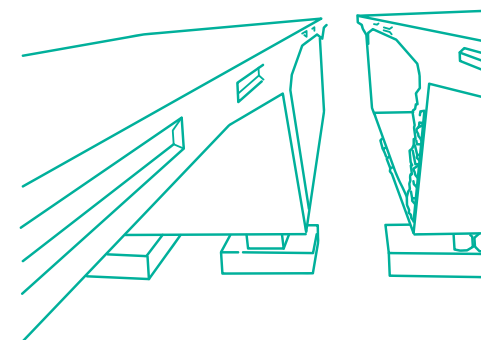

### RESINOUS FLOORING

We have been supplying world-class seamless flooring solutions; from innovative industrial and commercial resin flooring through to cementitious floor screeds and fast-curing coating systems.

### FIRE PROTECTION

We provide a tested and approved solution to your structural steel frame, which provides a thermal insulation barrier and high impact resistance. We also provide a complete firestop system for wall and floor penetrations.

### CONCRETE

We have a wide range of concrete and masonry solutions from cementitious fairing coats and flowable, high build or structural repair mortars to concrete curing and grout solutions which are tailored for concrete structures across the Pacific.

# PRODUCT SELECTION GUIDE\*

	CAR PARK AREAS													
	Steel Columns	Concrete Columns	Facades	Joints	Top Decks	Intermediate Decks	Basement Decks	Ramps	Loading Bays	Service Areas	Concrete Slabs	External Drop Off Zones	Below Grade	Above Grade
<b>Traffic Deck Systems</b>														
Deckcoat EP						●	●							
Deckshield ID						●	●		●					
Deckshield ID Rapide						●	●	●	●	●		●		
Deckshield ED Rapide (MMA traffic coatings for exposed rooftop decks)					●			●			●	●		
Deckshield UV Linemarker (UV Stable Linemarking)						●	●	●	●	●	●	●		
<b>Concrete Repair &amp; Strengthening</b>

## NEW BUILD & REFURBISHMENT SOLUTIONS

A. TRAFFIC DECK COATINGS

B. CONCRETE REPAIR & STRENGTHENING

C. SEALANTS

D. WATERPROOFING & ROOFING

E. FIRE PROTECTION

## SOLUTIONS AND PRODUCTS FOR **CAR PARKS**

A wide range of protective repair solutions including traffic deck systems, concrete repair materials, and crack injection resins as well as architectural facade solutions and waterproofing products.

## **Protect, Repair & Transform Car Parking Facilities**

Today, far from the grey utilitarian structures of the past, multi storey car parks are increasingly being recognised as pillars of the urban landscape offering vehicle owners a safe and welcoming environment to park as well as boasting a well-designed layout and high-end build quality.

From basement to roof-top decks, larger and brighter parking bays provide an increased sense of safety and security for vehicle owners alongside clear navigational markings and preferential parking areas for electric vehicles.

Tremco CPG Australia offers specification professionals working on the design of new-build or refurbishment car park structures a range of deck coating solutions, repair materials and fire protection solutions to choose from.

Refurbishment projects can benefit from utilising Tremco CPG Australia's extensive range of repair products to transform old structures or parking areas direct from one supplier, with one point of contact and under one manufacturer's warranty.

**The Complete Repair  
& Protection Package**

**Tremco Construction Products Group (CPG) represents the combined power of brands including Willseal and Tremco, along with Tremco CPG affiliates Flowcrete, illbruck, Nullifire and Euclid Chemical.**

**Our products and services empower teams to develop, design, restore and engineer structures that are more efficient to build and maintain, are virtually impervious to the elements and can provide any look desired.**
